Common Questions and Answers

What are your height and weight requirements?

None, however, you must be physically fit. We do not have any minimum or maximum limits- the 2014 squad ranged in height from 4’9” to 5’10”!

What is the age limit?

There is no age maximum; however, you must be at least 18 years of age by June 7, 2015. Last year’s team ranged in age between 19-30 years.

What do the judges look for at auditions?

The judges are looking at appearance, showmanship, dance/cheer ability, and a fit shape.

How should I fix my hair and make-up?

Make-up should be glamorous but not too heavy! Pur Minerals is an excellent brand to consider for your audition needs. A hairstyle that is up-to-date and compliments your features should be worn. Jamison Shaw Hairdressers is the Hair Salon for The Atlanta Falcons Cheerleaders for the 2015 season- they are fabulous!!!

Would you prefer a professional or dance/cheer resume for auditions?

If you have them, both would be terrific. This does not need to be professionally done. The purpose of the resume is to provide additional information for the interview process.

What do you use the photograph for that you request at auditions? Should I go and get a professional head shot taken?

We strictly use the requested photograph for recognizing who you are at auditions. Please do not go out and get a professional photo for this purpose. These photos will not be returned to you! Just select a nice snapshot where you look as you do today! If you already have a head shot – this would be fine to use!

How long will preliminaries last?

Preliminaries and Semi-finals will be held on the same day (plan on staying all day). If you make it to the finals there will be a mandatory interview scheduled for the following day.

Do I need to prepare or choreograph any material for my audition?

No. All material will be taught to you the day of the audition. There will be at least two cuts for the preliminary audition. This will be comprised of several 8-counts of a dance routine.

When and where are Atlanta Falcons Cheerleader Practices?

Last season the Cheerleaders practiced on Tuesday and Thursday evenings from 7:00pm-10:00pm at Midtown Athletic Club and had some practices at The Georgia Dome. You can expect practices to range from 2-3 times per week somewhere in the Greater Atlanta vicinity for the 2015 season.

Do the Cheerleaders travel to away games?

No. The Atlanta Falcons Cheerleaders do not travel to regular-season away games. They are required, however, to cheer at all 10 home games (2 pre-season and 8 regular season games).

What is the salary for an Atlanta Falcons Cheerleader?

The cheerleaders get paid a nominal fee for each of the 10 home games they perform. There are also opportunities for paid appearances throughout the season. It is required for the cheerleaders to have a full-time job or be a full-time student because being an Atlanta Falcons Cheerleader is not a full-time paying job.

Do the current cheerleaders have to audition again?

Yes. Each cheerleader must audition every year. The cheerleaders do not have to audition at the preliminary auditions, but must compete in the finals. The panel of judges cannot tell who has cheered and who has not at this final audition. The current cheerleaders have an interview portion as well and do not know the material taught at the final audition.

Besides attending audition prep classes, what else can I do to better prepare for auditions?

First off, staying fit is a key element as being an Atlanta Falcons Cheerleader requires high athletic demands. The Audition Prep Classes are a terrific way to really understand the audition process as well as to help show what types of moves will be incorporated in auditions. Attending at least one audition prep class is recommended. Another great

*opportunity to brush up on dance and technical moves is to take additional dance classes.
We are proud to announce a partnership with Gotta Dance located in Atlanta, GA.*
